\* Exclusive of additional Beer and Spirit duties collected for Local Authorities (see Table No. 14, p. 34-5).

It will be observed that the net receipts brought to account in the year 1898-99, viz. . . . . 21,558,227  
exceeded the Exchequer Receipts (see Table No. 4, p. 6), viz. . . . . 20,899,990  
by . . . . . 708,237

This difference is due to abnormal Clearances during the last few days of 1898-99 on account of:—

(a.) Tax, estimated at . . . . .	100,000
(b.) Tobacco, estimated at . . . . .	610,000
Total . . . . .	710,000

Such clearances were made in anticipation of a possible increase of the duty on these articles. The amounts thus collected in 1898-99, which properly belonged to 1899-1900, were accordingly held over and not paid into the Exchequer until after 31st March 1899.

Exclusive of Local Taxation Licences collected for Local Authorities (see Table No. 14, p. 34-5).

NOTE.—The loss to Revenue caused by the reduction of Taxes is in most cases less than the gain which the reduction affords to the taxpayer, because the loss to Revenue is generally recovered by an increased consumption or use of the articles taxed consequent upon the lowering of the duty. Hence the loss is not necessarily the measure of relief to the taxpayer.

§ The decrease between 1898 and 1899 is due to the number of men called out in the latter part of 1899 for permanent service. The number so called out form part of the Regular Army, but the increase in the number of the Regular Army, shown in Table No. 107, does not correspond with the decrease shown in Table No. 108, because the average strength of the Regular Army for the year is shown and not the number at a given date, as in the case of the Army Reserve.

¶ Includes 2,162 Volunteers.
